- Creating Healthy, Energy Saving and High Performing Homes
- How to Qualify for No-Cost Solar Systems
- Growing Job opportunities in the Solar industry
- Renewable energy and solar equipment education

The 1<sup>st</sup> 100 guests will receive a  
**FREE Home Air Filter!**

Food & soft drinks available.

## About GRID Alternatives

GRID Alternatives is a nonprofit organization that brings the benefits of solar technology to families that need the financial savings most, while giving volunteers and job trainees hands-on solar installation experience. GRID Alternatives is a fully licensed solar contractor.

Green Education Inc. partners with municipalities and community-based stakeholders to educate, revitalize and transform communities into green sustainable neighborhoods, create healthy and energy efficient homes, good green jobs and a burgeoning green economy.

## Program Benefits

- Safe, clean energy from the SUN.
- Long-term energy cost savings.
- Hands-on installation experience for volunteers, job trainees, and clients.

## Eligibility Requirements

- You must own and live in your home.
- Your roof must be suitable for a solar electric system.
- Your total household income must be at or below 80% of the county's median income.
- You must receive your electricity bill from LADWP, SCE, or PWP

## How Much Will I Save?

Solar system size and bill savings are based on your current monthly electric bill and your usage over the past 12 months. We also look at how much space is on your roof and other construction factors. Your solar system will be sized to cover up to 75 percent or more of your electric bill.

HOUSEHOLD SIZE	ANNUAL GROSS INCOME
1	\$50,500
2	\$57,700
3	\$64,900
4	\$72,100
5	\$77,900
6	\$83,650
7	\$89,450
8	\$95,200
